FOREWORD

Even though the trade (Export Import) data is made available by D/o Commerce on its website, no separate data was publically available in respect of Special Economic Zones (SEZs) and Export Oriented Units (EOUs).

Commerce Secretary in his letter to Chairman EPCES dated 21.2.2023 (copy attached) advised EPCs for setting up of a Research Cell within the EPC that would regularly feed into policy inputs and to facilitate the EPCES to as a nodal point to frequently interact with the Department of Commerce and line Ministries /Departments.

Accordingly, EPCES set up a Research Cell and requested D/o Commerce to advice NSDL/SEZ Online and DGCIS to make SEZ and EOU data to EPCES. EPCES has started getting EXIM data in respect of SEZs and EOUs from NSDL and DGCIS office.

This has enabled EPCES to start publishing monthly trade bulletin in respect of SEZs and EOUs. While NSDL/SEZ Online is able to provide monthly data in respect of SEZs around 10th of the following month, data in respect of EOUs and SEZs is available from DGCIS only after more than 60 days after due examination by DGCIS. Therefore, the data is till September 2023 in respect of SEZs and till July 2023 in respect of EOUs.

Based on the present data made available from NSDL and DGCIS, an attempt has been made by EPCES regarding publication of monthly trade bulletin regarding the monthly analysis of country-wise, commodity wise EXIM data. Data in respect of exports of Services has also been analysed. Based on the suggestions from stakeholders and the availability of data, the analysis will be further refined and presented.

EPCES is grateful to NSDL/SEZ Online and DGCIS for making available the data.

D.O. No. K-12011/1/2020-EPL1

2nd January 2023

Dear Shri Seth,

The global economy is innately tied to trade, and trade has grown remarkably, completely transforming the global economy. Moreover, about 70% of international trade today involves Global Value Chains (GVCs), as services, raw materials, parts, and components cross borders – often numerous times.

2. The emergence and persistence of GVCs significantly changes how we develop trade policy. Success in international markets today depends as much on the capacity to import world class inputs as it does on the capacity to export. As such, role of EPCs should not be limited to export promotion alone and it should look at trade in a broader and more comprehensive manner.

3. In this regard, we would encourage EPCs to closely monitor international trade, particularly export decline, import surge, market diversification opportunities, global import demand and prospects, and avenues for GVC participation etc.

4. EPCs may consider developing a Research Cell with more intensive research and market intelligence capabilities within the EPCs that would regularly feed into policy inputs and to facilitate as the nodal point to frequently interact with Department of Commerce and line Ministries/Departments.

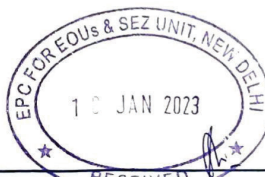

5. I am looking forward to your timely response and continuous cooperation in this initiative.

With regards,

Yours sincerely,

[Sunil Barthwal]

Shri Bhuvnesh Seth
Chairman
Export Promotion Council for EOUs & SEZs

SEZs

April – September 2023

HIGHLIGHTS OF SEZ TRADE DURING APRIL – SEPTEMBER 2023

- In August 2023, total exports of Goods and Services from SEZs decreased by 12%, exports of Goods declined by 9% whereas export of Services declined by 14%. Sale of Goods to DTA from SEZs declined by 16%. During April – August 2023, exports of Goods and Services from SEZ declined by 9%, exports of Goods declined by 17%, export of Services by 3%. Sale of Goods to DTA from SEZs declined by 13%.
- In August 2023, imports of Goods from SEZs declined by 14%. Procurement of Goods from DTA by SEZs decreased by 17%. During April – August 2023, imports of Goods from SEZs declined by 11%. Procurement of Goods from DTA by SEZs decreased by 1%.

Goods (April – September 2023)

- The exports of Goods were 65% of total production of Goods and sale of Goods to DTA was 35%.
- The imports of Goods were 72% of total purchase of Goods and procurement of Goods from DTA was 28%.
- The highest exports of Goods were from Kandla Zone constituting 59% of total exports of Goods, which declined by 20%. Next was Vishakhapatnam zone constituting 12% of total export of Goods which increased by 14%.
- The highest exports of Goods were for Petroleum Products constituting 45% of total exports of Goods from all groups/sectors, which declined by 16%. Next was for Engineering Goods constituting 13% of total export of Goods which declined by 4%.
- In case of exports of Petroleum Products, highest exports were to USA constituting 13% of total exports of Petroleum Products, which increased by 20%. Second highest exports were to Netherlands constituting 12% of total exports of Petroleum Products which increased by 102%.
- The highest export of Goods was from Reliance Jamnagar SEZ constituting 46% of total export of Goods which declined by 17%. The next highest was from SEEPZ SEZ constituting 6% of total export of Goods which declined by 11%.
- The highest exports of Goods were to USA constituting 22% of total exports which declined by 1%. Next highest destination of exports was U A E constituting 8% of total exports of Goods which declined by 11%.
- In case of USA, highest exports were of Petroleum Products, constituting 27% of total exports to USA, which increased by 20%. Second highest exports to USA were of Drugs and Pharmaceuticals constituting 24% of total exports to USA, which exhibited a growth of 16%.

- The highest imports of Goods were for Petroleum, Crude and Products constituting 33% of total imports of Goods from all groups/sectors, which declined by 28%. Next highest imports was of Gold constituting 21% of total imports of Goods which declined by 8%.
- In case of imports of Petroleum, Crude and Products, highest imports were from Russia constituting 46% of total imports of Petroleum, Crude and Products, which increased by 21%. Second highest imports were from Saudi Arabia constituting 21% of total imports of Petroleum, Crude and Products which declined by 20%.
- The highest imports of Goods were from Russia constituting 15% of total imports which increased by 19%. The next highest imports of Goods were from China constituting 14% of total imports which increased by 28%.
- In case of Russia, majority of imports were of Petroleum, Crude and Products, constituting 99% of total imports from Russia, which increased by 21%.
- The highest DTA Sales were from Vishakhapatnam zone constituting 35% of total DTA sales which declined by 26%. Kandla Zone was next with 32% of total DTA sales which declined by 24%.
- The highest DTA Procurements were from Kandla Zone constituting 40% of total DTA procurement which declined by 26%. Falta Zone was next with 30% share in total DTA procurement which exhibited a substantial growth of 72%.

Services (April - September 2023)

- The highest exports of Services were from Cochin Zone constituting 28% of total export of Services which declined by 6%. Next was from SEEPZ Zone constituting 19% of total export of Services which declined by 7%.
- The highest exports of Services were to USA constituting 52% of total exports which declined marginally by 2%. Next highest was to UK constituting 18% of total exports which increased by 8%.
- In case of USA, highest exports of Services were of IT design and development Services, constituting 42% of total exports of Services to USA, which increased by 10%. Second highest exports of Services to USA were of Other IT Services constituting 23% of total exports of Services to USA, which exhibited a growth of 11%.
- The highest export was of IT design and development Services constituting 43% of total exports of Services which increased by 9%. The next was that of Other Information Technology Services constituting 20% of total export of Services which exhibited a growth of 12%.
- In case of exports of IT design and development Services, highest exports were to USA constituting 51% of total exports of IT design and development Services, which increased by 10%. Second highest exports were to UK constituting 15% of total exports of IT design and development Services which increased by 24%.
- The highest export of Services was from MIDC Pune SEZ constituting 5% of total export of Services which increased by 18%. The next highest was from Tata Consultancy Services, Siruseri, Kancheepuram District SEZ constituting 4% of total export of Services which declined by 8%.

EOUs

April - July 2023

HIGHLIGHTS OF EOUS TRADE DURING APRIL – JULY 2023

- In July 2023, total exports of Goods from EOUs declined by 9% and during April – July 2023, exports of Goods declined by 7%.
- In July 2023, imports of Goods from EOUs declined by 14% and during April – July 2023, imports of Goods from EOUs declined by 13%.
- Trade balance for EOUs declined by 6% in July 2023 and 2% during April – July 2023.

Goods (April – July 2023)

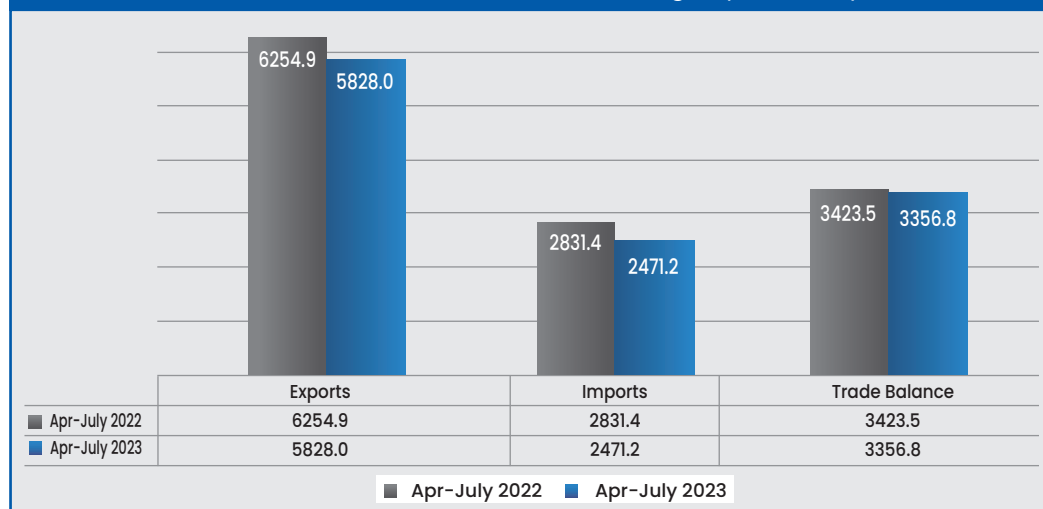

- The highest exports of Goods were for Engineering Goods constituting 24% of total exports of Goods from all groups/sectors, which remained approximately same when compared to similar period last fiscal. Next was for Drugs and Pharmaceuticals constituting 22% of total export of Goods which declined by 2%.
- In case of exports of Engineering Goods, highest exports were to USA constituting 38% of total exports of Engineering Goods, which declined by 5%. Second highest exports were to Germany constituting 6% of total exports of Engineering Goods which declined by 14%.
- The highest exports of Goods were to USA constituting 33% of total exports which declined by 9%. Next highest destination of exports was Germany constituting 5% of total exports of Goods which declined by 17%.
- In case of USA, highest exports were of Engineering Goods constituting 28% of total exports to USA, which decreased by 5%. Second highest exports to USA were of Drugs and Pharmaceuticals constituting 27% of total exports to USA, which exhibited a marginal increase of 1%.
- The highest imports of Goods were for Electronic Goods constituting 29% of total imports of Goods from all groups/sectors, which declined by 13%. Next highest imports was of Machinery, Electrical and Non-Electrical constituting 13% of total imports of Goods which increased by 6%.
- In case of imports of Electronic Goods, highest imports were from USA constituting 22% of total imports of Electronic Goods, which increased by 2%. Second highest imports were from Singapore constituting 17% of total imports of Electronic Goods which declined by 26%.
- The highest imports of Goods were from China constituting 25% of total imports which declined by 20%. The next highest imports of Goods were from USA constituting 16% of total imports which increased by 6%.
- In case of China, highest imports were of Organic and Inorganic Chemicals, constituting 19% of total imports from China, which declined by 26% followed by Chemical Material And Products constituting 17% of total imports from China, which declined by 27%.

Monthly Trade Bulletin

Export Promotion Council for EOUs & SEZs (EPCES) is a multi-product Export Promotion Council set up by the Ministry of Commerce and Industry in January 2003, representing the interests of SEZ units, SEZ developers and Export Oriented Units. It has more than 5300 members with 4100 SEZ units, 350 SEZ developers and 850 EOUs. In FY 2022-23, total exports of goods and services from SEZs were recorded at US\$ 745.3 billion. Exports of goods from SEZs were at US\$ 61.6 billion constituting 13.7% of India's total exports of goods at US\$ 450.4 billion while export of services were US\$ 94.2 billion constituting 31.9% of India's total exports of services at US\$ 294.9 billion. There are about 5655 units functioning in 272 operational SEZs providing an employment of 28.69 lakh persons with a total investment of about Rs 6.5 lakh cr.
