FOREWORD

Even though the trade (Export Import) data is made available by D/o Commerce on its website, no separate data was publically available in respect of Special Economic Zones (SEZs) and Export Oriented Units (EOUs).

Commerce Secretary in his letter to Chairman EPCES dated 21.2.2023 (copy attached) advised EPCs for setting up of a Research Cell within the EPC that would regularly feed into policy inputs and to facilitate the EPCES to as a nodal point to frequently interact with the Department of Commerce and line Ministries /Departments.

Accordingly, EPCES set up a Research Cell and requested D/o Commerce to advice NSDL/SEZ Online and DGCIS to make SEZ and EOU data to EPCES. EPCES has started getting EXIM data in respect of SEZs and EOUs from NSDL and DGCIS office.

This has enabled EPCES to start publishing monthly trade bulletin in respect of SEZs and EOUs. While NSDL/SEZ Online is able to provide monthly data in respect of SEZs around 10th of the following month, data in respect of EOUs and SEZs is available from DGCIS only after more than 60 days after due examination by DGCIS. Therefore, the data is till November 2023 in respect of SEZs and till September 2023 in respect of EOUs.

Based on the present data made available from NSDL and DGCIS, an attempt has been made by EPCES regarding publication of monthly trade bulletin regarding the monthly analysis of country-wise, commodity wise EXIM data. Data in respect of exports of Services has also been analysed. Based on the suggestions from stakeholders and the availability of data, the analysis will be further refined and presented.

EPCES is grateful to NSDL/SEZ Online and DGCIS for making available the data.

D.O. No. K-12011/1/2020-EPL1

2nd January 2023

Dear Shri Seth,

The global economy is innately tied to trade, and trade has grown remarkably, completely transforming the global economy. Moreover, about 70% of international trade today involves Global Value Chains (GVCs), as services, raw materials, parts, and components cross borders – often numerous times.

2. The emergence and persistence of GVCs significantly changes how we develop trade policy. Success in international markets today depends as much on the capacity to import world class inputs as it does on the capacity to export. As such, role of EPCs should not be limited to export promotion alone and it should look at trade in a broader and more comprehensive manner.

3. In this regard, we would encourage EPCs to closely monitor international trade, particularly export decline, import surge, market diversification opportunities, global import demand and prospects, and avenues for GVC participation etc.

4. EPCs may consider developing a Research Cell with more intensive research and market intelligence capabilities within the EPCs that would regularly feed into policy inputs and to facilitate as the nodal point to frequently interact with Department of Commerce and line Ministries/Departments.

5. I am looking forward to your timely response and continuous cooperation in this initiative.

With regards,

Yours sincerely,

[Sunil Barthwal]

Shri Bhuvnesh Seth
Chairman
Export Promotion Council for EOUs & SEZs

EOUs

April – September 2023

HIGHLIGHTS OF EOUS TRADE DURING APRIL – SEPTEMBER 2023

- In September 2023, total exports of Goods from EOUs remained almost similar but during April – September 2023, exports of Goods declined by 5%.
- In September 2023, imports of Goods from EOUs declined by 5% and during April – September 2023, imports of Goods from EOUs declined by 9%.
- Trade balance for EOUs exhibited a positive growth of 4% in September 2023 whereas it declined by 1% during April – September 2023.

Goods (April – September 2023)

- The highest exports of Goods were for Engineering Goods constituting 24% of total exports of Goods from all groups/sectors, which exhibited a marginal increase of 2% when compared to similar period last fiscal. Next was for Drugs and Pharmaceuticals constituting 22% of total export of Goods which also increased by 2%.
- In case of exports of Engineering Goods, highest exports were to USA constituting 38% of total exports of Engineering Goods, which declined by 3%. Second highest exports were to Germany constituting 6% of total exports of Engineering Goods which declined by 10%.
- The highest exports of Goods were to USA constituting 33% of total exports which declined by 6%. Next highest destination of exports was Germany constituting 5% of total exports of Goods which declined by 11%.
- In case of USA, highest exports were of Engineering Goods constituting 28% of total exports to USA, which declined by 3%. Second highest exports to USA were of Drugs and Pharmaceuticals constituting 27% of total exports to USA, which exhibited an increase of 5%.
- The highest imports of Goods were for Electronic Goods constituting 31% of total imports of Goods from all groups/sectors, which declined by 5%. Next highest imports were of Machinery, Electrical and Non-Electrical constituting 12% of total imports of Goods which remained similar.
- In case of imports of Electronic Goods, highest imports were from USA constituting 19% of total imports of Electronic Goods, which declined by 4%. Second highest imports were from Singapore constituting 16% of total imports of Electronic Goods which declined by 23%.
- The highest imports of Goods were from China constituting 25% of total imports which declined by 18%. The next highest imports of Goods were from USA constituting 15% of total imports which increased by 2%.
- In case of China, highest imports were of Organic and Inorganic Chemicals, constituting 18% of total imports from China, which declined by 27%, followed by Electronic Goods constituting 18% of total imports from China, which declined by 15%.

Monthly Trade Bulletin

Export Promotion Council for EOUs & SEZs (EPCES) is a multi-product Export Promotion Council set up by the Ministry of Commerce and Industry in January 2003, representing the interests of SEZ units, SEZ developers and Export Oriented Units. It has more than 5900 members with 4600 SEZ units, 370 SEZ developers and 940 EOUs. In FY 2022-23, total exports of goods and services from EOUs & SEZs were recorded at US\$ 173.9 billion. Exports of goods from EOUs were at US\$ 18 billion. Exports of goods from SEZs were at US\$ 61.6 billion constituting 13.7% of India's total exports of goods at US\$ 450.4 billion while export of services were US\$ 94.2 billion constituting 31.9% of India's total exports of services at US\$ 294.9 billion. There are about 5655 units functioning in 272 operational SEZs providing an employment of 28.69 lakh persons with a total investment of about Rs 6.5 lakh cr.
