FOREWORD

Even though the trade (Export Import) data is made available by D/o Commerce on its website, no separate data was publicly available in respect of Special Economic Zones (SEZs) and Export Oriented Units (EOUs).

Commerce Secretary in his letter to Chairman EPCES dated 21.2.2023 (copy attached) advised EPCs for setting up of a Research Cell within the EPC that would regularly feed into policy inputs and to facilitate the EPCES to as a nodal point to frequently interact with the Department of Commerce and line Ministries /Departments.

Accordingly, EPCES set up a Research Cell and requested D/o Commerce to advice NSDL/SEZ Online and DGCIS to make SEZ and EOU data to EPCES. EPCES started getting EXIM data in respect of SEZs and EOUs from NSDL and DGCIS office.

This has enabled EPCES to start publishing monthly trade bulletin in respect of SEZs and EOUs. As the migration of SEZ units w.r.t. trade transactions from NSDL/ SEZ online to ICEGATE started from July 2024, the partial data was available with NSDL/SEZ online and balance with DGCI&S, thus, there has been a delay in compilation of complete data from both the sources. After due examination by DGCI&S, the data has been made available till December 2024 in respect of SEZs and EOUs.

Based on the present data made available from DGCI&S, an attempt has been made by EPCES regarding publication of monthly trade bulletin regarding the monthly analysis of country-wise, commodity wise EXIM data. Data in respect of exports of Services has also been analysed. Based on the suggestions from stakeholders and the availability of data, the analysis will be further refined and presented.

EPCES is grateful to DGCI&S for making available the data.

D.O. No. K-12011/1/2020-EPL1

2nd January 2023

Dear Shri Seth,

The global economy is innately tied to trade, and trade has grown remarkably, completely transforming the global economy. Moreover, about 70% of international trade today involves Global Value Chains (GVCs), as services, raw materials, parts, and components cross borders – often numerous times.

2. The emergence and persistence of GVCs significantly changes how we develop trade policy. Success in international markets today depends as much on the capacity to import world class inputs as it does on the capacity to export. As such, role of EPCs should not be limited to export promotion alone and it should look at trade in a broader and more comprehensive manner.

3. In this regard, we would encourage EPCs to closely monitor international trade, particularly export decline, import surge, market diversification opportunities, global import demand and prospects, and avenues for GVC participation etc.

4. EPCs may consider developing a Research Cell with more intensive research and market intelligence capabilities within the EPCs that would regularly feed into policy inputs and to facilitate as the nodal point to frequently interact with Department of Commerce and line Ministries/Departments.

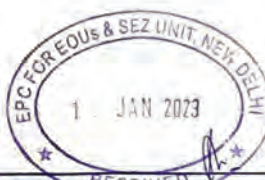

5. I am looking forward to your timely response and continuous cooperation in this initiative.

With regards,

Yours sincerely,

[Sunil Barthwal]

Shri Bhuvnesh Seth
Chairman
Export Promotion Council for EOUs & SEZs
Flat No. A-101, 10th Floor, Himalaya House

SEZs

April – December 2024

HIGHLIGHTS OF SEZ TRADE DURING APRIL – DECEMBER 2024

- In December 2024, total exports of Goods and Services from SEZs increased by 6%, exports of Goods increased by 10% and export of Services increased by 4%. During April – December 2024, exports of Goods and Services from SEZ increased by 15%, exports of Goods increased by 14% and export of Services increased by 16%.
- In December 2024, imports of Goods from SEZs declined by 30%. During April – December 2024, imports of Goods from SEZs increased by 19%.

Goods (April – December 2024)

- The highest exports of Goods were from Kandla Zone constituting 52% of total exports of Goods, which increased by 4%. Next was Visakhapatnam zone constituting 20% of total export of Goods which increased substantially by 85%.
- The highest exports of Goods were for Petroleum Products constituting 40% of total exports of Goods from all groups/sectors, which increased by 3%. Next was for Engineering Goods constituting 20% of total export of Goods which increased substantially by 76%.
- In case of exports of Petroleum Products, highest exports were to Netherlands constituting 24% of total exports of Petroleum Products, which increased by 35%. Second highest exports were to USA constituting 13% of total exports of Petroleum Products which increased by 18%.
- The highest exports of Goods were from Reliance Jamnagar SEZ constituting 41% of total export of Goods which increased by 5%. The next highest was from GMR Hyderabad Aviation SEZ Ltd. constituting 9% of total export of Goods which exhibited a multi fold rise of 742%.
- The highest exports of Goods were to USA constituting 21% of total exports which increased by 13%. Next highest destination of exports was UAE constituting 11% of total exports of Goods which increased by 52%.
- In case of USA, highest exports were of Drugs and Pharmaceuticals, constituting just above 25% of total exports to USA, which increased by 21%. Second highest exports to USA were of Petroleum Products constituting 25% of total exports to USA, which exhibited a growth of 18%.
- The highest imports of Goods were for Gold constituting 37% of total imports of Goods from all groups/sectors, which increased substantially by 88%. Next highest imports were of Petroleum, Crude and Products constituting 25% of total imports of Goods which declined by 10%.

- In case of imports of Gold, highest imports were from Switzerland constituting 40% of total imports of Petroleum, Crude and Products, which increased by 24%. Second highest imports were from UAE constituting 24% of total imports of Petroleum, Crude and Products which increased multi fold by 332%.
- The highest imports of Goods were from Switzerland constituting 15% of total imports which increased by 27%. The next highest imports of Goods were from UAE constituting 14% of total imports which increased multi fold by 275%.
- In case of Switzerland, majority of imports were of Gold, constituting 96% of total imports from Switzerland which increased by 24%.

Services (April – December 2024)

- The highest exports of Services were from Cochin Zone constituting 28% of total export of Services which increased by 14%. Next was from SEEPZ Zone constituting 20% of total export of Services which increased by 22%.
- The highest exports of Services were to USA constituting 51% of total exports which increased by 13%. Next highest was to UK constituting 17% of total exports which increased by 17%.
- In case of USA, highest exports of Services were of IT design and development Services, constituting 38% of total exports of Services to USA, which increased by 5%. Second highest exports of Services to USA were of IT consulting and support services constituting 24% of total exports of Services to USA, which increased substantially by 30%.
- The highest export was of IT design and development Services constituting 38% of total exports of Services which increased by 9%. The next was that of Information Technology Consulting and Support Services constituting 24% of total export of Services which increased substantially by 30%.
- In case of exports of IT design and development Services, highest exports were to USA constituting 50% of total exports of IT design and development Services, which increased by 5%. Second highest exports were to UK constituting 15% of total exports of IT design and development Services which increased by 9%.
- The highest export of Services was from MIDC Pune SEZ constituting 5% of total export of Services which increased by 7%. The next highest was from Tata Consultancy Services Ltd., Siruseri located in Kancheepuram District constituting 3% of total export of Services which declined by 5%.

EOUs

April – December 2024

HIGHLIGHTS OF EOUs TRADE DURING APRIL – DECEMBER 2024

- In December 2024, total exports of Goods from EOUs remained approximately similar whereas during April – December 2024, it increased just over 1%.
- In December 2024, imports of Goods from EOUs exhibited a substantial decline of 70% and during April – December 2024, it exhibited a decline of 20%.
- Trade balance for EOUs exhibited a massive decline of 210% in December 2024 whereas it increased by 28% during April – December 2024.

Goods (April – December 2024)

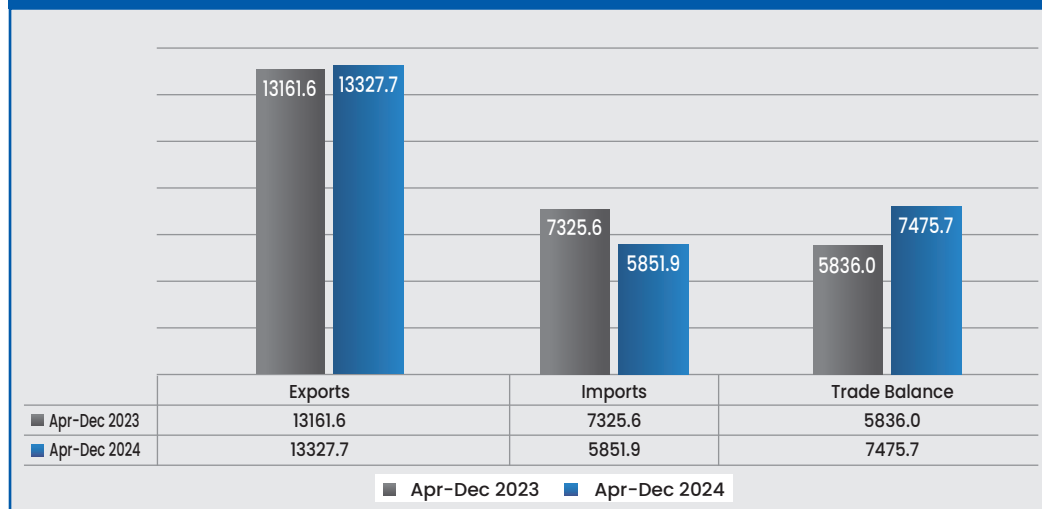

- The highest exports of Goods were for Engineering Goods constituting 25% of total exports of Goods from all groups/sectors, which exhibited an increase of 3% when compared to similar period last fiscal. Next was for Drugs and Pharmaceuticals constituting 23% of total export of Goods which also increased by 5%.
- In case of exports of Engineering Goods, highest exports were to USA constituting 37% of total exports of Engineering Goods, which declined by 1%. Second highest exports were to UK constituting 6% of total exports of Engineering Goods which increased by 2%.
- The highest exports of Goods were to USA constituting 35% of total exports which increased by 7%. Next highest destination of exports was Netherlands constituting 5% of total exports of Goods which increased by 28%.
- In case of USA, highest exports were of Drugs and Pharmaceuticals constituting 27% of total exports to USA, which increased by 4%. Second highest exports to USA were of Engineering Goods constituting 26% of total exports to USA, which marginally declined by 1%.
- The highest imports of Goods were for Electronic Goods constituting 29% of total imports of Goods from all groups/sectors, which declined by 51%. Next highest imports was of Machinery, Electrical and Non-Electrical constituting 14% of total imports of goods which increased by 14%.
- In case of imports of Electronic Goods, highest imports were from USA constituting 18% of total imports of Electronic Goods, which remained approximately similar as compared to same period last fiscal. Second highest imports were from Singapore constituting 17% of total imports of Electronic Goods which increased by 10%.
- The highest imports of Goods were from China constituting 24% of total imports which exhibited an increase of 4%. The next highest imports of Goods were from USA constituting 14% of total imports which increased by 5% as compared to same period last fiscal.
- In case of China, highest imports were of Electronic Goods, constituting 19% of total imports from China, which exhibited an increase of 9%, followed by Organic and Inorganic Chemicals constituting 16% of total imports from China, which marginally declined by 2%.

Monthly Trade Bulletin – SEZs

Export Promotion Council for EOUs & SEZs (EPCES) is a multi-product Export Promotion Council set up by the Ministry of Commerce and Industry in January 2003, representing the interests of SEZ units, SEZ developers and Export Oriented Units. It has about 6000 members with more than 4630 SEZ units, 380 SEZ developers and 960 EOUs. In F.Y. 2023-24, total exports of goods and services from SEZs were recorded at US\$ 157.4 billion. Exports of goods from SEZs were at US\$ 63.1 billion constituting 14.4% of India's total exports of goods at US\$ 437.1 billion and export of services were at US\$ 94.3 billion constituting 27.6% of India's total exports of services at US\$ 341.1 billion. There are about 5700 units functioning in 280 operational SEZs providing an employment of 30.7 lakh persons with a total investment of about Rs 6.9 lakh cr.
